

## C504 Euro Rejuvenator Technical Datasheet

Date: 10/07/2013

### Description

A specialist blanket and roller chemical for advanced cleaning and maintenance of most press types. C504 is formulated to remove glaze whilst reviving the deteriorated blanket.

### Properties

- Highly aromatic formulation for improved ink solvency
- Flashpoint ~34°C
- Quick evaporating for quicker restarts.
- Not recommended for use on EPDM rubber or unbaked plates.
- Helps maintain and extend life of rollers and blankets.
- VOC = 865grams/litre (100%)

### Method of Use

- For blankets: Can be used instead of typical blanket wash so consult manufacturers guidelines for automatic use or for manual use apply liberally with a lint free cloth and wipe with water to finish.
- For rollers: Can be used instead of typical roller wash. Allow to run in for several minutes before applying blade and finally finish with water.
- Should be used regularly on a daily basis to help maintain the blankets and rollers in better condition.
- Suitable for most modern day machines including manufacturers such as Heidelberg, KBA, Man Roland, Ryobi, Komori and Mitsubishi presses.

### Storage and Shelf Life

- Store solvents safely within the printing environment to allow them to acclimatize to pressroom conditions – working temperatures will affect evaporation speed of solvents and hence can influence their effectiveness. Consult own company risk assessment and fire risk assessment for guidance on suitable storage containers depending on properties of the chemical.
- If left unopened and kept in the correct conditions this product has a recommended shelf life of 12 months.

### Health and Safety

This product is categorized with the following hazardous associations:

GHS02: Flame

GHS07: Exclamation Mark

GHS09: Environmental

GHS08: Health hazard

Always wear suitable safety equipment when handling pressroom chemicals. Will not give rise to significant hazard provided good standards of industrial practice are maintained. Consult MSDS for further information.

### Available Pack Sizes

5litres, 10litres, 25litres, 205litres.
